**Calling All Creative Minds**

Last week a Zoom meeting was held for city officials and local ministers. Among the many interesting items discussed was Glenpool’s increasing population. According to the City Manager, the number of new houses starting construction more than doubled from 2019 to 2020. This is impressive, especially considering the pandemic that wreaked havoc across the world in 2020. Even more interesting is the fact that 2021 is shaping up to be even better! With this in mind:

We need a few members with creative minds to develop a promotional item for inclusion in the “Welcome Package” the Chamber of Commerce delivers to new Glenpool residents. The Grays received one of these packages with their move to Glenpool, and the team will have that package to see what other churches and businesses are using for their promotion.

We also need to explore ways for our congregation to reach Glenpool’s new residents directly. If a list of new residents is available, then it seems we ought to be able to access that list and welcome new residents with an invitation to visit our church family.

If this piques your interest, please see David Gray.

**MESSAGE FROM THE ELDERS**

It has almost been a year since the pandemic caused all of us to do things in a different way. One of the most devastating things we had to

change is how we worship our God and our Father. This eldership has been faced with a dilemma never witnessed in our life time. We have been very diligent in an attempt to protect our congregation from physical harm. We have an online presence for any of our members whose health could be compromised. We have continuously monitored the virus & by late last summer we were able to open more freely. However, as fall hit, the virus numbers really climbed causing surrounding cities, and then Glenpool, to put in affect a mask mandate. We ask all of our members to comply with the local ordinance in an attempt to help slow down the upward surge of cases. Now that we are at the end of January and the mandate was set to expire today, David Gray called Glenpool to confirm the status of the mandate and found out it will be extended indefinitely. However, he also got clarification from the city on the mandate; the mandate states that a public setting (church is a public setting) where social distancing can be achieved, masks are optional. They do ask, and the elders agree, that masks be worn into and out of the building. **Beginning this Sunday, Feb 7, the auditorium will be mask optional and the fellowship hall will be mandatory mask** for those who feel more comfortable in a completely mask environment. We love each one of you and truly look to the day when we can have full services and full attendance. Our Sunday evening service will still be in-person at 5pm and our Wednesday evening service will still be Zoom only at 7. Thank you for your patience and we ask for your continued prayers for this eldership.
